Chapter 1 by Riri

I am a mere villager of our small town. But, I see things that nobody else sees.

It is a full moon tonight. I look out my closed window to see two figures, chatting in the moonlight.

Being my curious self, I eavesdrop, careful not to give away my location.

"Who now?" A tall man whispers. He sounds like the rest of the villagers, but with an indescribable rasp.

"Who cares? We'll kill them all eventually." The other man says. They nod and continue with sign language, something I cannot understand or decipher.

I creep back into bed, but my eyes do not close.

They stay open with fear. Fear for our village. Fear for my family. Fear for myself.

Chapter 2 by SAMANTHA REINER

"Lily bug what are you doing?" She jumps on my bed and gave me a hug but wouldn't let go. "Lily go back to bed."

"But there is a man in my closet. He came out and went into Mama and Papa's room. Then he came back and told me to be quiet and go back to bed. I did but then I woke up and came here... I'm scared."

"It's alright Lily Bug. Lay down and you can sleep with me okay?"
"Thank you." She fell right to sleep and I quietly got up and went straight to Papa and Mama's room. It was quiet through the hallway. Even though I've been here my whole life I never explored my house at night.

Slowly I opened my Mama and Papa's door. I couldn't believe what I saw.

Chapter 3 by Nucleus ✎

The two men.
The stood silently with blood stains all over their ragged clothes.
They held two guns, rather nice looking, maybe a Colt, Defender, 9mm.
I tried to remember that, any info could be useful.
I could not understand why, out of all people, my Mama and Papa, were murdered.
I didn't have any thoughts about how, why, or who.
All I knew is that they left no clues except my parents mutilated bodies.
